OTHER INFORMATION

Townhome style, this 2 bedroom/2 bathroom property has an "over/under" floor plan so that there are no neighbors above or below . . . which is really nice for apartment living. And, this unit is at the SW corner of the Woodmont Apartment complex with a lot of open space next to it so that it has even more privacy and lots of light. Complete with all appliances, a wood-burning fireplace, and plenty of parking, this tidy property is ideal for a small family, two singles, or a couple. Not much available on the long term rental market, so call now to set up a showing with move-in possible for mid-May 2017!
